

## **KHARAGPUR COLLEGE AT A GLANCE**

Kharagpur College is a highly esteemed co-educational academic institution offering UG & PG Courses in multifarious subjects. The college is situated on a lush sprawling campus at Inda, Kharagpur - an urban industrialized centre in the district of Paschim Medinipur of West Bengal on the south-western periphery in between West Bengal & Orissa. It is placed at the converging point of Orissa Trunk Road stretching across between Bombay Road and Puratan Bazaar. This institution is about 2.5 km away from Kharagpur Railway Station. Railway communication facilities make it an added advantage for this institution to drag students from far-flung areas strewn across the main town.

Kharagpur College was founded on 29<sup>th</sup> August 1949 in the premises of Silver Jubilee School at Puratan Bazaar. Soon, thereafter, the college received a bountiful donation of nearly 13.4 acre of land from late Saleha Khaton, wife of late Nasir Ali Khan of Panchberia, Kharagpur. Construction of the present college building started under the dispersal scheme of the Government of West Bengal on the second day of July 1951. Prof. H.B. Sarkar, a renowned historian, hailing from Dhaka, Bangladesh, was the Founder-Principal of this college. Without his unrelenting effort, indomitable devotion and illustrious sacrifice this premiere institution could not have seen the light and reached the pinnacles of its success. The college has been re-accredited by NAAC Peer Team in the year 2016 and was awarded B++ in the second cycle of accreditation.

The college has developed itself into an enormous institution of teaching and learning, and stands singularly as one in a cosmopolitan ambience. This great seat of learning is devoted to the cause of providing quality education in the fields of Arts, Science & Commerce. To the objective of producing skilled professionals as well as talented youths of mounting personalities and firm commitments towards the service of the society as a whole, this institution, by and large, keeps itself occupied in an unfettered manner in upholding the environment which aims at motivating the students in practicing the virtues of self-discipline, creativity and excellence. This institution sets out to inculcate knowledge and moral values into the fledgling minds of the young students and to forge a spirit of unity and solidarity among them to see India as a united nation.

The professed mission of our college is to follow the principle of 'Advancement of Learning' to encourage young minds in the new vistas of knowledge as demanded by globalization. We have three-prong challenges before us in the years to come. The challenges have been mainly thrown by globalization the whole world is reeling under. Globalization demands qualitative education through modern technologies based on ICT-oriented teaching and learning process. The acute financial crunch faced by the college stands in the way of combating the first challenge. The second challenge is to open PG Courses in more and more new subjects and to introduce job-oriented Certificate and Diploma Courses in near future to generate extensive job opportunities for the students. PG Course in Bengali is already in prevalence. The college has started two new Post-Graduate courses in English and History from the session 2018-2019. The third challenge is to train up the students up to the expectations of different government and non-government concerns. The youths will get exposed to new levels of training, to understand both theoretical and practical aspects of the profession they opt for. A large number of industrial units, it may be expected, will guide the youths in choosing appropriate professional fields to tap huge markets created by open economy.

In order to handle the above mentioned challenges, what the college needs first and foremost, is the expansion of infrastructural facilities that would require huge amount of money. Mobilizing resource is an uphill task. Just to drive home the point, various resource mobilizing measures are under way. The college has received a grant of one crore rupees from the West Bengal Higher Education Department in the financial year 2017-18. The college has received a grant of rupees two crore for various Infrastructure Developments under Rastryia Uchhatar Siksha Abhiyan (RUSA). We have to traverse a long uneven path to set our beloved institution in motion. However, no challenge puts us in a quandary if we remain sincere and avowed to our objectives and ideals. Let's us join hands to ensure an all-round development of the institution.

“It is the mark of an educated mind to entertain a thought without accepting it.”  
- Aristotle

### **FROM PRINCIPAL'S DESK**

Being entrusted with the prestigious job of spearheading the college as Principal, I shall devote myself for an all-round development of the college and render my best service to push it forward in attaining new heights in the arena of knowledge, wisdom and other extra-curricular activities. But for the realization of my dream, that I nurtured in my mind for over a long time, before stepping in this institution as Principal, I implore whole-hearted cooperation from all corners like faculty members, staff, students and alumni.

I hope the Students' Union to come forward to assist the college authority in the management of its day-to-day functioning and uphold the dignity and prestige of this institution before the academic world. I believe the college website to be an effective forum to reach out to the community at large, and will definitely ease communication between us and our patrons.

The college ensures a healthy atmosphere for holistic growth, technology-supported teaching and learning to the inquisitive minds of the new generation. The work of this institution is also expected to help in restoration and uplifting of the State's rich culture and heritage and to take the local people's aspirations and expectations on board in running the institution. We shall work in tandem with different sections including the parents and alumni of the college to make our future generation true human being, to become ideal citizens and to evolve the mechanism for overcoming the challenges of the globalised world.

We have faith in the prevention of caste-based discrimination in Higher Education and empowering the girl students is one of our mottos.

Thanking you,

Dr. Bidyut Samanta
